You are the first, You are the last  
                  C#m                          A  
The foundations of the earth were made by Your hands  
                  E                          Bsus

You summoned them by name and they stood up and sang  
  
Who could do such a thing

None but Jesus, none but You

You are the first and You are the last  
                  C#m                          A  
You have created me with Your mighty hands  
                  E                          Bsus
